A part of KADOKAWA Group, Gotcha Gotcha Games was established on September 1st, 2020.

GGG's main mission focuses on strengthening UGC platforms and cultivating an active community and finding new talents.

Vision

- **Offering a user-friendly game creation platform, even for those new to PC usage.**
- **Providing a platform and support for indie creators or teams to launch their original ideas and stories into the global market.**

Mission

Let anyone become a game creator and provide more unique experiences in the world!

The background features a large, light blue, stylized logo consisting of the letters 'R' and 'M' in a blocky, geometric font. The 'R' is on the left and the 'M' is on the right, with a central vertical bar. The logo is semi-transparent and centered on a solid olive green background.

The RPG Maker Series

Our flagship product, the RPG Maker series, was created to fulfill the desire of users who want to easily create games **without having to learn programming**.

It is a construction tool that **allow users to easily create original games**.

Game Play Screen

Development Screen

The RPG Maker series has been beloved by game fans for over 30 years.

The current flagship PC version of the RPG Maker series has surpassed one million copies in sales and is utilized by users globally.

The "Steam PC Cafe Program" allows you to play games registered on Steam in places where multiple PCs are installed, such as internet cafes or schools.

For each purchased license, you can play the game simultaneously on PCs installed in the facility.

You can use this feature for RPG Maker MV and MZ as well.

Step 1. Create a Steam account and register for the PC Cafe Program

Please refer to the official documentation below to create a Steam account and register for the PC Cafe Program.

▼ Steamworks - Steam PC Cafe Requirements and Registration Procedure:

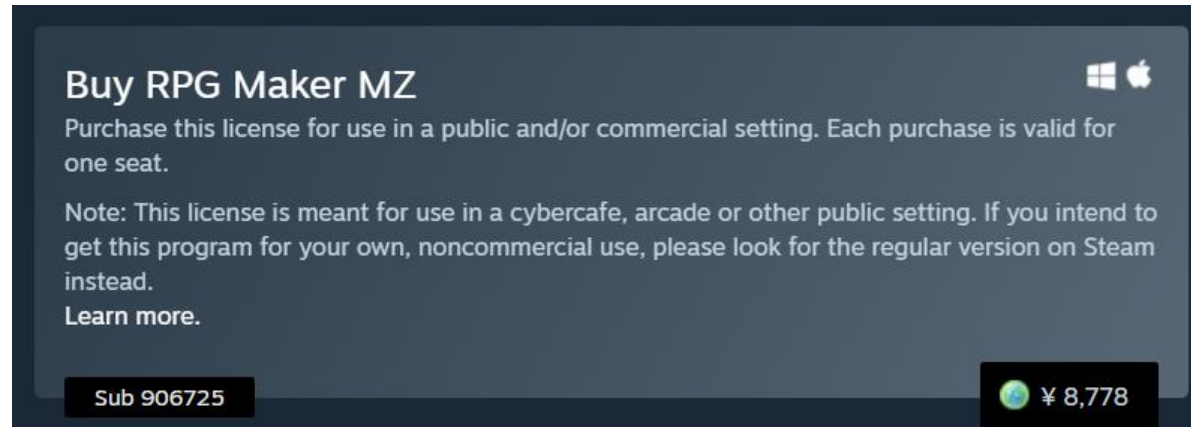

<https://partner.steamgames.com/doc/sitelicense/licensees/signup>

→next page

Step 2. Purchase a license

Open the Steam sales page for the RPG Maker you want to purchase and buy a license for the PC Cafe Program.

*The image below shows the license for the PC Cafe Program displayed on the product information page for "RPG Maker MZ"

Step 3. Set up the PC Cafe server

Please refer to the documentation below to set up the server.

▼ Steamworks - Steam PC Cafe Requirements and Registration Procedure:

<https://partner.steamgames.com/doc/sitelicense/licensees/gettingstarted/licensemodelpc>

※For any questions regarding the PC Cafe Program, please refer to the Steam official documentation or contact Steam directly.

If you prefer to buy products that are not listed in the documentation, like the standalone version, Pixel Game Maker MV or UNITE, or if you prefer billing, or wish to make a bulk purchase through methods other than the cafe program, please reach out to us.

*Please keep in mind that individual responses may take time, and we may not be able to fulfill all requests.
